

Gorveatte Consulting Inc.

It's that time of year when we make some seriously big plans for the new days, weeks, and months ahead. Maybe you're going to try something brand new (anyone taking up a musical instrument?) or maybe you plan to spend more time reading (any Lee Child or Nicolas Sparks fans out there?) or take up a new sport (can walking through a theme park count? And if so, can I come?). Whatever you're aiming for, consider me your cheering section!

This is the time to review your goals, your objectives and maybe put plans in place to grow and improve your quality system. Start something new with continuous improvement in mind. Spend more time listening to the voice of the customer or reviewing your previous year's and next year's metrics. Lastly, maybe you want to launch a team to meet some process goals. Whatever it is you want to do, just do it! Now is the time and if you need help? Then just reach out. Gorveatte Consulting Inc. is with you every step of the way. Let us shape your QMS into your vision.

Cheers to a New Year and a successful 2024!

Well, these questions are answered along with many others in the recorded Audit Panel hosted by the American Society for Quality Kansas City Section 1301 with Holly Lamar, Day Boswell, and myself, Susan Gorveatte.
