### Is There a Pot of Gold at the End of Every Rainbow?

Sometimes rainbows show up when you least expect them, and that's probably a good thing. Maybe you see a rainbow in the most mundane places, like after the rain when you walk out of a grocery store. That's when I saw this one:

Seeing a rainbow can be a time for reflection. It can give you pause at a time when you didn't realise you needed to pause. Take that moment. Appreciate the beauty and wonder. Maybe that is the Pot of Gold we always hear about. Maybe the opportunity to stop, breathe, and enjoy the moment IS the wealth we all seek. As we get busier and busier, ringing and buzzing from all devices at all times of the day, that moment of peace may be just what we need. Whether we realised it or not.

**Chat it up:** Do you not have enough time to breathe and enjoy the moment? Maybe Gorveatte Consulting Inc. can help. Call us to get your Internal Audits done. We can help, we can give you more time.

[Need help? Call to arrange your internal audits with Gorveatte Consulting Inc.](#) Let us give you time to appreciate the rainbows in your busy life.

## A Free Webinar Hosted by ASQ Lexington

### Section: Thursday, March 19, 2026 12-1pm EST

Join Steve Ross as he recaps a presentation from WCQI 2025 in Denver.

#### AI in Quality Audits

This WCQI 2025 presentation, "AI in Quality Audits," examined the integration of Artificial Intelligence (AI) into the audit lifecycle. It addressed the dual role of AI: as a tool for enhancing the auditor's effectiveness and as a subject of audit within an organization's own quality systems.
