Getting Ready to Say Goodbye to 2021? Let us help!

As the calendar year winds down, this may be a perfect time to review your Quality Management System and "make a list and check it twice":

Are you on schedule? Have a look at your Audit Schedule and Audit Log. Have you conducted an audit in the last few months? Do you need help? [Reach out, we can help!](#)

"Log" some time: Have a look at your Nonconformance Documentation and your Corrective Action Log. Any issues? Signs of trends? Take this opportunity to initiate a corrective action before the problem gets too far down the road. [Need help? Just let us know, it's what we do!](#)

Make it "form"al: Review your documented information (or if you are old school, your

Master Lists of Forms and Records) and check if you are using all the forms you say you are. Could someone be using an uncontrolled form? [Not sure what to do? Email us.](#)

Chat it up: Chat with co-workers about ISO 9001 or organize an info session. Make sure everyone knows how they can contribute to quality. [Planning a lunch and learn? We love those!](#)
