#### Darth Vaders and Rubber-Stampers are the two extremes. Where do you fall in the spectrum?

Do you want to Audit Like a Leader? See full the article posted on **INSIDE STANDARDS** published March 2021 [Check this out!](#)

What do you think about when you hear that an auditor is coming on-site to perform an audit? Do you have visions of Darth Vader storming down a long corridor of the Death Star while John Williams' "Imperial March" plays in your head? Maybe you know an auditor who is the opposite of Darth Vader and whitewashes everything. This kind of auditor barely skims the surface as they fly over your organization, rubber-stamping the management system. Read the article [here](#).
